

Summer Concert to Benefit Music Therapy

Thursday, August 10, 6 p.m. – 8:30 p.m.

Turf Valley Towne Square, Ellicott City

Join us at Turf Valley Town Square's Free Thursday Night Concert Series. Enjoy live music from the Maryland Entertainment Hall of Fame band Appaloosa, and enter our cash raffle to raise money for Gilchrist's music therapy program. Music therapy can help improve our patients' quality of life by reducing stress, anxiety and agitation, while also giving them a way to express themselves, even if they can no longer communicate. At the same time, music therapy can be used as a tool to help caregivers cope with their impending loss.
